## SEND Information Report

### Our School Vision

At Embleton Vincent Edwards C of E Primary School, as a community, we provide 'support for life' for all our pupils following Jesus' example of compassion, perseverance and respect - **CPR**.

**Compassion** – having regard for those less fortunate than we are, having empathy for others when they are struggling, helping others in practical ways when they cannot help themselves.

**Perseverance** – keeping going in the face of challenge, determination, commitment to a task or a principle, tenacity and stickability, not being defeated by obstacles.

**Respect** – recognising and valuing difference and diversity, having regard for “the other”, valuing tradition and culture other than our own, taking seriously a responsibility to care for creation, having respect for our own minds and bodies.

As part of Pele Trust, we believe that every child has an entitlement to learn, regardless of need. SENCos across Pele Trust work together to share good practice, to plan and to discuss current research. The Northumberland Graduated response permeates our approach; assess the pupil's needs, plan and implement strategies to meet the identified needs, review progress made.

### Compliance

Our practice and the information in this report complies with the statutory requirement laid out in the SEND Code of Practice 0-25 (July 2014) and has been written with reference to the following guidance and documents:

- Equality Act 2014
- Children and Families Act 2014
- Special Educational Needs and Disability Regulations 2014
- SEND Code of Practice 0-25 (July 2014)

**The SENCo provides support to staff by:**

- working alongside staff, parents and outside agencies
- working with staff to monitor pupil progress
- attending termly review meetings
- providing and/sourcing relevant training
- working as part of the Senior Leadership Team
- working as part of the Inclusion Team

**We support pupils with Special Educational Needs/Disabilities and their Families  
We involve and support parents/carers by:**

- Termly meetings with parents to discuss current needs, progress, targets and levels of support
- Annual reports to parents in the summer term
- Parents' evenings in the spring and autumn terms
- Copies of reviewed and new Pupil Profiles sent to parents termly/half termly to parents of all SEND children
- An 'open door' policy, offering additional appointments can be made with staff at any time
- Communication through letters and/or phone calls if required
- Termly meetings for carers of Looked After Children (LAC)
- Regular Personal Education Plan (PEP) meetings for carers of LAC

**We support pupils with SEND by:**

- Inclusive whole class teaching whenever possible (supported by additional adults in class)
- Regular pupil progress meetings with parents to discuss concerns, monitor progress, review interventions and plan support
- Identification of suitable resources needed to support pupils
- Teacher planned interventions in basic skills in English/Maths/Social skills, which are reviewed and monitored

- 1:1 or small group intervention with a teacher or teaching assistant which is assessed, planned, implemented and monitored regularly
- Individual pupil profiles with SMART targets (specific, measurable, achievable, realistic, time limited) which are reviewed termly/half- termly
- Targets for English/Maths, social skills and life skills are discussed with SEND children
- Trained support staff
- Regular pupil tracking of progress and achievement
- Advice/involvement from outside agencies – which can lead to an Education, Health Care Plan if required
- SEND children complete their own termly reviews of their learning and pupil profiles.
- Thrive Practitioner who provides pastoral support for children with social/emotional difficulties, listens to the views of children and ensures measures are in place to prevent bullying in school.
- Support staff are placed appropriately in school to ensure pupil progress and attainment.

## **Our approaches to teaching children and young people with SEND:**

### **1. Level 1 - Quality First Teaching/Ordinarily Available Provision**

Children receive inclusive quality first teaching which may include the provision of differentiated class work. Some children at this level may be on a monitoring list with their progress being carefully tracked and reviewed.

Further examples of this can be found here - Ordinarily Available Provision

<https://northumberlandeducation.co.uk/wp-content/uploads/2022/09/Northumberland-Ordinarily-Available-Provision-Guidance.pdf>

### **2. Level 2 - School Support**

Continued or increased concern may lead to children receiving additional targeted interventions to accelerate their progress to age related expectations. School support can often include specific group work or individual support. The SENCo and class teachers will work closely with any support staff to plan and assess the impact of the support and interventions and to link them to classroom teaching. At this stage input from other agencies may be sought.

*For your child this may mean:*

Your child has been identified by the class teacher or SENCo (or you may have raised your own concerns) as needing some additional intervention to accelerate progress · You may be asked to give your permission for the school to refer your child to a specialist professional e.g: Speech and Language Therapist. This will help the school and yourself understand your child's particular needs better and be able to support them more effectively in school · Your child may receive a pupil profile outlining specific targets.

### **Level 3- High Needs**

Where a child continues to make less than expected progress, despite interventions, they receive highly personalised interventions to accelerate their progress and enable them to achieve their potential. When appropriate, a specialist outside agency may support this.

The SENCo and class teachers work with specialists to select effective teaching approaches, appropriate equipment, strategies and interventions in order to support your child's progress. If this support is not impacting on progress and there is still significant concern, the school, after consultation with parents and other professionals, may request additional funding and/or an Education, Health and Care Needs Assessment from the Local Authority. Parents can also request an EHC Needs Assessment. This means your child will have been identified by the class teacher or SENCo as needing a particularly high level of individual or small group teaching, which cannot be provided from resources normally available in school, and may involve specialist support from a professional outside of school.

*For your child this may mean:*

- \* Your child has been identified by the class teacher or SENCo (or you may have raised your own concerns) as needing specialist input instead of, or in addition to, quality first teaching and intervention groups;
- \* You will be asked to come to termly meetings to discuss your child's progress and help plan possible ways forward;
- \* School may suggest that your child needs some agreed individual support in school. They will tell you how the support will be used and what strategies will be put in place.
- \* You may be asked to give your permission for the school to refer your child to a specialist professional, e.g.: Speech and Language Therapist or Educational Psychologist. This will help the school and yourself understand your child's particular needs better and be able to support them more effectively in school; The specialist professional will work with your child to understand their needs and make recommendations, which may include:

- Making changes to the way your child is supported in class e.g.: some individual support or changing some aspects of teaching to support them more effectively;
- Support to set targets which will include their specific expertise;
- A group run by school staff under the guidance of an outside professional.

### **Outside Agencies which may be involved with children with SEND, following relevant referrals:**

## Transition

At the end of the primary phase, the children transfer to secondary school. The SENCo will meet with the SENCo at the secondary school and the head of Year 7 to discuss the specific needs of children with SEND who will transfer into Year 7. Some external services are used by Pele Trust primary schools and Duchess' Community High School, including ASK Educational Psychology and counselling and the local authority HINT. This ensures continuity and consistency of professional support provided across the different phases of education within Alnwick Partnership of schools.
