Computing – Presentations (Google Slides)

Key Information
Google slides is an online presentation app that lets you create and format presentations and work with other people. You can add any content, including pictures, as well as being able to share it with people.

Questions to think about
- What is the purpose of my presentation?
- Who is my presentation going to be for?
- Which is the best font size, colour and type to make my presentation interesting?
- How can I add in a picture?

Key Vocabulary
Ozobot
Codes
Calibrate
Algorithm
Sequence
Debug
