

Primary School Sports Premium 2021-22 Review

This document details the expenditure of the Primary School Sports Premium for 2021-22 and the impact that the funds had on the following targets with the focuses below:

- Enhancing the PE provision for children
- Setting a new standard in children's activity levels
- Meeting the inclusion requirements and the value for money criteria which will be set by Ofsted

Our main focuses for the year were:

1. to continue to deliver and enhance weekly beach school sessions accessed by the whole school where all children walk the 3 miles to and from the beach; learn about the environment and our impact on it, gain a sense of wellbeing from being in the outdoors; gain an understanding about the importance of being physically active, regardless of whether one is playing sport; use and enjoy their local environment. (DfE requirement - engagement of all pupils in regular physical activity, broader experience of a range of sports and physical activities)
2. support inter-school sporting activities, by taking part in competitions as part of Alnwick Small Schools (DfE requirement - engagement of all pupils in regular physical activity, increased participation in competitive sport)
3. gain Primary School Games Mark (DfE requirement - engagement of all pupils in regular physical activity; profile of PE and sport is raised across the school as a tool for whole-school improvement)
4. continue to offer a range of sports, supported by qualified coaches (DfE requirement - increased confidence, knowledge and skills of all staff in teaching PE and sport)
5. provide catch-up swimming to those children in UKS2 who have not achieved the standard of the national curriculum by the end of Year 4.

Grant: £16310 (+£3417 carry forward)= £19727

Activity/Resource	Action/Delivery Process	Cost	Impact
